SUMMARY

Computer Science graduate with hands-on experience in full-stack web development using JavaScript, PHP, Laravel, Next.js, Node.js, and relational databases. Experienced in building RESTful APIs, database-driven applications, and collaborating through Git-based workflows. Passionate about developing scalable, maintainable software and continuously learning modern technologies.

TECHNICAL SKILLS

Frameworks & Web

- Laravel
- Next.js
- Node.js
- React
- REST APIs
- HTML5, CSS3
- Bootstrap
- SCSS
- jQuery
- Responsive Web Design
- ASP.NET Fundamentals
- MVC Architecture

Programming Languages

- JavaScript
- C#
- PHP
- Java
- Python

Databases

- Microsoft SQL Server (SSMS) – Database Management
- MySQL
- MongoDB

Software Development Concepts

- Object-Oriented Programming (OOP)
- REST API Development
- Database Design & Management
- Debugging & Troubleshooting
- Software Testing Fundamentals
- Frontend & Backend Integration

Tools

- Git/GitHub
- Jira
- Postman

Projects

Smart Expense Tracker (Team Project)

- Built a full-stack expense tracking application using Next.js, Node.js, and MongoDB.
- Developed API-driven backend functionalities and integrated frontend components.
- Implemented expense categorization and dynamic financial reporting.
- Collaborated using GitHub workflows and version control.

Gym Management System

- Developed a full stack gym management system using PHP, MySQL, HTML, CSS, and JavaScript.
- Implemented member management, attendance tracking, and authentication features.
- Designed database structure and backend logic following relational database principles.
- Integrated facial recognition functionality using Python.

Portfolio Website

- Designed and developed a responsive personal portfolio website using HTML, CSS, JavaScript, SCSS, and responsive design principles.
- Customized a modern UI template and integrated project showcases, GitHub links, and downloadable CV functionality.
- Improved mobile responsiveness and modern frontend styling using SCSS and responsive layouts.

WORK EXPERIENCE

Receptionist & Administrative Support — Forum Gym | Part-time | Jan 2024 – Present

- Managed member registrations, subscriptions, and payment processing.
- Maintained and updated customer records using the gym management system.
- Assisted with membership renewals, account updates, and administrative tasks.
- Performed basic troubleshooting for computers, printers, software, and system-related issues.
- Coordinated with management to resolve operational and technical issues efficiently.

IT Support & PC Technician — Pc and Parts Lebanon | Sep 2025 – May 2026

- Diagnosed and repaired hardware and software issues for desktops and laptops.
- Installed and configured Windows operating systems, drivers, and software tools.
- Built and upgraded PCs (CPU, RAM, SSD, GPU, BIOS configuration).
- Provided technical troubleshooting and customer support.
- Performed system optimization and basic networking tasks.

Full Stack Development Internship — TechTalks | Jan 2026 – Mar 2026

- Completed full-stack development training focused on modern web application workflows.
- Worked on frontend and backend integration using API-driven architecture and responsive web application practices.
- Collaborated using Git/GitHub for version control and teamwork.
- Used Jira for task tracking and agile development workflow.

Web Development Intern — CodSoft | Dec 2023 – Jan 2024

- Developed responsive web applications using HTML, CSS, JavaScript, and Bootstrap.
- Improved UI responsiveness and frontend performance.
- Applied debugging and troubleshooting techniques during development.

Backend Developer Intern (Laravel/PHP) — XpertBot | Feb 2023 – Oct 2023

- Developed backend services using Laravel and PHP, including RESTful APIs and MVC-based architecture for scalable web applications.
- Designed and implemented MySQL database schemas and relationships.
- Built secure authentication and login systems.
- Improved API performance and optimized backend functionality.
- Participated in debugging, troubleshooting, and software improvements.
- Collaborated remotely with team members on application development tasks.

EDUCATION

Bachelor of Science in Computer Science – Lebanese International University

CERTIFICATIONS

- PCEP™ – Certified Entry-Level Python Programmer
- CCNA: Introduction to Networks
- CCNA: Switching, Routing, and Wireless Essentials
- Web Development Certificate
- XpertBot Backend Development Certificate

LANGUAGES

- Arabic — Native
- English — Fluent

SOFT SKILLS

- Problem Solving
- Attention to Detail
- Team Collaboration
- Communication Skills
- Adaptability
- Fast Learning Ability
- Time Management
